

Transfer Pricing Services

If your company engages in cross-border transactions with related parties, WebsterRogers can assist you in developing an effective approach to managing your intercompany transfer-pricing function, including:

- Analyzing intercompany transactions in accordance with your internal transfer pricing policies;
- Producing the documentation necessary to comply with the regulations in the US and in the 33 countries following the OECD guidelines;
- Converting transfer-pricing studies from one jurisdiction to meet the requirements of another;
- Updating previous transfer-pricing studies;
- Preparing the FIN 48 analysis for transfer pricing that is acceptable to your auditors;
- Advising on appropriate structure and pricing for cross-border intercompany transactions.

Experience, Resources, Credentials

We have experience with assisting large multinational corporations with completing transfer-pricing studies, providing support in tax controversies involving transfer-pricing adjustments, and implementation of FIN 48 analysis of transfer pricing.

The firm utilizes a powerful software application for completing your transfer-pricing study, including access to leading commercial databases to search for comparables and unlimited support from an economist.

We are a member of RSM McGladrey Network, an affiliation of independent accounting and consulting firms. As a member, the firm has access to the resources of McGladrey around the world. This affiliation provides the benefit of an international network.
